C) Remarks

MFS regrets the delay in the submission of this notification. The delay was the result of an internal error that did not include participating shares in the denominator for the purposes of calculating our holdings in this issuer at the relevant time. Having recently corrected this internal error, we have determined that our holdings fell below 5% on 21 April 2016. For completeness, the notification submitted by MFS dated 17 June 2014 indicating that our holdings exceeded the 5% threshold was based on the correct denominator which included participating shares.
